Transaction Details

Field	Value
Transaction ID	TX-0004
Customer ID	C1007
Amount	₹999.00
Status	failed
Failure Reason	bank_declined
Previous Successful Payments	N/A
Previous Failures	N/A
Recovery Attempts	N/A
Subscription Active	N/A
Recovery Status	ESCALATED

The AI recommended ESCALATE because the case requires additional intervention.

```
Revenue risk detected
Customer history retrieved
Failure reason = bank_declined
Recovery probability = 30.0%
AI recommended action = ESCALATE
Policy validator checked stopping rules
Recovery decision recorded
Recovery status = ESCALATED
Amount recovered = ₹0.00
```

Bounded Recovery Rules

- Maximum 3 automated recovery attempts
- Only approved recovery actions are allowed
- Expired cards → UPDATE_PAYMENT
- Authentication / payment-limit problems → REMINDER
- Temporary / network failures → RETRY
- Insufficient funds → UNRECOVERABLE
- Repeated failures → STOP / ESCALATE
- Every AI decision is recorded in the audit trail

Batch Evaluation

Processed **50 transactions** from the latest batch.
